PACK		TN	\$228.00	114
	Totals		\$443.00	

**NOTE: The pound membership numbers above do not always jive with the Total Pack count in that according to my records the 'members' figures may include some delinquent members. The SE division as a whole accounted for 2434 big bones for the passport fund so far this year. If you have not submitted yours, I would strongly suggest you do so 'like maybe yesterday.' All packs and many pounds appear to be doing their jobs with respect to the collection and submission of PP fees to the KDR. However there is sufficient room for improvement especially those 11 pounds shown above that have submitted NO PP fees to the KDR. There is no excuse for this as Kennel Bylaws dictate that ALL pounds should be holding 4-Pound Growls yearly and if this were being done by ALL pounds the Division PP fees intake should be considerably higher than what the above indicates. If my calculations are correct, the Kennel has received a grand total of 12,500 big bones plus 1 small bones as of June 30, 2008 and Orlando is just a very few short weeks away. We are well short of the 20,000 big bones the Chief had hoped for and she will know who has been NAUGHT and who has been NICE. So if you fall in the first category I would suggest you steer clear of her when in Orlando or fur may fly as she is not going to be a 'happy camper.'**
