

To All Effected by Hurricane Irma:

The Department of Florida has established a dedicated account for donations to help in the aide to and relief of our members severely impacted by Hurricane Irma. Some of our members have lost their homes and will be struggling to rebuild, but today they are focused on helping others to survive. They are working with local and national assets in distributing water, food, first aid and other basic necessities.

Material needs have yet to be identified but financial assistance will be the most beneficial. Please send your donations payable to the "Department of Florida MCL" to the Department Paymaster, Janis Beal at 1667 Allenridge Dr. N., Palm Harbor, FL 34683.

One-hundred percent of all donations will go directly to our members whom have been vetted to verify the need.

Any questions may be directed to Commandant George LaMont at MarineLaMont@yahoo.com.

Our most sincere appreciation on behalf of all of the members of the Department of Florida MCL, Commandant George LaMont.

NOTICE: Anyone with news of any member in need, please contact Commandant LaMont or any other Department Officer.

George LaMont, Commandant
Department of Florida Marine Corps League
