1 June 2017

To: Commandant Ron Ashley
From: Cary Haerlin

Subject: 4th Quarter Report 2016-2017

Sir Commandant,

I have received one request for assistance from a Marine Corps League member in District 9 this quarter. The Marine is suffering some medical issues and is in need of emergency funds for temporary housing. The request is recent and in progress of obtaining the required funds, I anticipate the mission to be completed within the week.

Under the Marine for Life office, we have had no specific requests for information about the League. Community activities promoting the league and its mission such as the Rose Program, Parades, and Color Guard continue on a regular basis to increase awareness to our brothers in arms as well as others of the purposes and principals of our League.

As always, I may be contacted anytime to provide assistance to our veterans and their families that we, as Marines and the League can provide.

Respectfully Submitted
Semper Fidelis

Cary Haerlin
