Commandant Ron Ashley,
Department of Florida
Subject: VISN 8 Management Assistance Council

Sir Commandant,

Today 29 June 2016 I attended the VISN 8 meeting via telephone conference as the Department representative.

This meeting focused on updates within the Veterans Administration, specifically within Region 8 and Veterans Health Care. Listening to the various presenters one would be inclined to believe that our veterans are no longer waiting for health care services but being seen in very quickly upon requesting service. They also shared that every effort is being made to reduce the claims appeal process but it remains too long and convoluted by their own admission.

Overall I feel that my participation in this meeting was somewhat insightful and recommend that we continue participation in the VISN 8 briefing meetings. I will submit by contact information to the organizer for future notifications.

Respectfully Semper Fidelis,

George LaMont
